DEATH AND DESTRUCTION

The Elkhorn Valley Swept By a Mighty Flood Yesterday Morning Early and

One Hundred Perish—The Loss of Property Will Reach Millions—Thirty Miles Railroad Washed Away—Much Suffering.

ANOTHER JOHNSTOWN HORROR.
Roanoke, Va., June 24.—This afternoon section has been visited by a flood, the extent of which, in all probability, will nearly equal that of Johnstown, Pa., so far as the loss of property concerned.

Early Saturday morning, shortly after midnight, a heavy downpour of rain began, accompanied by a severe electric storm, which violently increased in volume and continued for several hours. This continued throughout the entire day and night.

All day Saturday the rain fell in sheets, and it soon became evident that there would be a flood and great destruction must result from it, but it was not until after darkness had enveloped the coal regions that the great catastrophe was upon the country and was making a clean sweep of the valley for miles around.

Shortly after midnight Saturday night it seemed as if the heavens had opened their flood gates over the town of Vivian, W. Va. Here a passenger train was caught in the flood, and the lives of the frightened passengers were saved only by the use of ropes, which were quickly thrown over in the coke ovens which skirt the rail roads yards at Vivian. The passengers were glad to catch the ropes, and willing hands dragged them from the anemone-like train and over the uneven terraces to a point of safety.

The flood seems to have extended over a vast area of mountain country, and the hundreds of mountain streams, becoming swollen, only served to swell the Elkhorn river until it overflowed and carried destruction in its wake. Railroad ties and tracks, small buildings of all descriptions, trees, telegraph poles, hinge boulders

and every imaginable movable thing that came within the sweep of this mighty torrent of maddened waters went down the mountainous district in a seething, roaring mass of debris. Dead bodies could be seen floating along the valley by those who had gained a place of safety in the high basin.

The Pocahontas coal field is located in a basin with high mountain ranges on either side. Elkhorn creek flowing through the center of the basin, which ranges from one-fourth to one mile in width. From Minis, W. Va., to Vivian Yard, W. Va., a distance of ten miles, miners' cabins, coal company commissaries and coke plants line this basin. Elkhorn creek, being fed by numerous small streams coming from the mountain side, rises very rapidly and this water spent some time and suddenly the entire basin between the two mountain ranges was flooded, and before the terror-stricken people realized what was upon them they were carried down by the flood, which swept everything in its path.

The little town of Kaystone, with a population of about 2,000, seems the greatest sufferer, practically the entire town being washed away. The latest reports today state that the loss of life amounting to 800 or more, first reported is exaggerated. A train from the stricken valley this morning reports that there were probably 100 perished, and the property will reach millions. It will be days before the exact loss of life will be known. There are thirty miles of railroad track swept away, and the great consternation reigns.

Later reports from the stricken region state that the number of deaths will go to two hundred, and possibly four hundred.

At 6 o'clock in the morning, Secretary Hay was prostrated from the shock when notified but is now able to sit up. The young man was formerly United States Consul at Port Victoria, South Africa, and had gone to New Haven to attend the Yale commencement. He was a member of the class of '98.

MORE REBELS SURBENDER.
Manila, June 24.—General Calles and seven hundred men formally surrendered today. They all took the oath and wept bitterly while they did so.

GIRL DROWNED.
Bowling Green, June 24.—Edna Russell, aged 12, was drowned in a pond on her father's farm.

DRAGGED TO DEATH.
Franklin, June 24.—Robert Trail, a young farmer, became entangled in the harness and was dragged to death by a mule.

THREE FATAL ACCIDENTS IN KENTUCKY.

APPOINTED TO GUATEMALA.
Washington, June 24.—Mr. James J. Bailey, of Kentucky, was today appointed Secretary of the Guatamalan Indians.

SECOY, HAY'S SON DEAD.
New Haven, June 24.—Aldebert Stone Hay, eldest son of Secretary Hay, fell 60 feet from the third story of the New Haven House yesterday morning and was killed. It is supposed that he went to the window for air and dozed, falling to the street below. The accident occurred at 3:30 p.m.

ARRANGEMENTS MADE TO FIGHT THE ST. BERNARD COAL COMPANY.

Messrs. G. T. Wilson and A. D. Tack, of the Central City Coal Miners Union, were in the city on business pertaining to the trouble at the mines. They will meet here again this week with the president, J. D. Woods and Secretary W. J. Campbell and arrange to fight the St. Bernard Coal Company here. In the recent strike at the mines of the St. Bernard Coal Company in Hopkins county, 1,400 miners walked out, and negroes, most of which are ex-convicts, are now employed and the union miners cannot find employment. The two first mentioned gentlemen were appointed a committee to work the country and arrange for the unions to fight the coal company and not to buy any coal sold by that company. They claim that every method possible has been tried to settle the matter amicably, and that the final boycotting step has been necessitated by the action of the company in not reinstating the miners. The trouble in the rates of pay to the miners was that they are paying, so the miners claim, 15 cents less than other companies.

BOARD ELECTS.

FISCAL COURT TO SELECT JUDGE TULLY'S SUCCESSOR

Shortly—Meeting to be held Wednesday. Many have been mentioned for the place.

There is a great deal of interest manifested in who will be selected to succeed County Judge J. O. Tully, and a number of gentlemen are mentioned for the place, including nearly all the members of the board of magistrates.

Attorney R. T. Lightfoot, who has the Democratic nomination for county judge, was among those suggested to fill the unexpired term until January, but he stated positively that he would not serve, as he cannot leave the duties of city attorney at present.

Judge James Young, the nearest magistrate, is acting county judge, in pursuance of law, and Judge Tully's successor to be elected by fiscal court. Wednesday an informal meeting of the board of magistrates will be held, at which it will be decided when to hold the election.

It was thought that the governor might suffer him to be elected by fiscal court.

The Good Roads train passed through the city yesterday morning at 7 o'clock en route to Louisville. There were ten cars loaded with road machines and those who saw the train say that the machines are the finest ever brought through this city. The train did not stop here but passed on through. All roads south have been worked on and the result is the very best.

The switch engine at Princeton collided with a freight engine yesterday and the pilots of the freight engine was knocked off and aside from this no damage was done.

Mr. Allan Jorgenson, the local chief dispatcher, returned from Dawson last night. He has been at that place for his health but has been doing his work there all the time. He is not yet in the very best of health and may return today or tomorrow.

Mr. Bell Givens, of the master mechanics department, returned from Chicago this morning on the early accommodation train to Fulton. He has been absent from the city about one week.

SEVERAL PERSONS NOTIFIED THIS MORNING TO ABATE NUISANCES.

Sewerage Inspector Geo. A. Gardner and Health officer Graves this morning served notices on eight residents of Jefferson Street from Fifth Street out, to abate nuisances created by running slop-water into gutters. If the order is not complied with they will be warranted.

MR. J. W. ROUSE.

Capt. Robert G. Rouse, for many years agent for the St. Bernard Coal Company here, died yesterday morning at his home at Sixth and Harrison Streets at 12:30 o'clock from liver trouble, after a several week's illness.

An operation was performed on him about a week ago, but the relief was only temporary.

The deceased was born in Henderson in 1866, and was city marshal of that place for several years. He was married over fifty years ago, and his faithful wife survives him, together with two children, Madeline Samuel Pinch and Joe Bishop. He had been a resident of Paducah for the last twenty-five years and there was not a more respected man in the county.

He was a Christian gentleman of many excellent qualities, and his death removes one of Paducah's most patriotic citizens.

The funeral took place this afternoon at 4 o'clock from the family residence. Services by Rev. W. H. Pinckerton. Burial at Oak Grove.

CAPT. R. G. ROUSE.

MR. J. W. CHAMPION.

Mr. J. W. Champion, aged 45, died Saturday evening at 8:30 o'clock, after an illness of three years of cancer of the face. He had been a patient sufferer and was able to get out until a few weeks ago. For several years he had kept a boarding house on Court Street near Third, and was a man who was quiet and unassuming and was liked by all who knew him. He was born in Stewart county, Tenn., and for twenty years was in business across the river from Linton, Trigg county. He leaves a wife and two sons, Messrs. Lum and Harry Champion, and two brothers and a sister, one brother in Stewart county and a brother and sister near Rosedale, Graves county. The remains were this morning taken to his old home in Stewart county on the Butterfield, for burial.

MISS BESSIE ADAMS.

Miss Beale Adams, formerly a teacher in the public schools, and a most estimable lady, died at 5 o'clock this morning from consumption at her home, 1019 Harrison street, after an illness of two years. She was the only child of Mrs. E. G. Adams, and her sad death ends a beautiful Christian life. She returned several months ago from a trip to Georgia and South Carolina, whither she had gone with a hope of improving her health. She leaves no relatives except her mother and several cousins and distant kinsmen. She was a relative of Bishop Morrison, who was in Owensboro, and will arrive this evening to conduct the funeral.

JUDGE J. O. TULLY.

The sudden and unexpected death of County Judge J. O. Tully yesterday morning about five o'clock at his residence on West Jefferson street occasioned widespread regret throughout the city. It came as a great shock to his hundreds of friends, many of whom had seen him only the day before, and did not know that he was seriously ill.

Judge Tully had been in failing health for several months, and night before last, on account of the heat, occupied a different room from the one in which he generally slept. About 4:00 he got up and put out the lamps, got a drink of water and after going out on the porch to get a breath of fresh air, went to bed in another room. In a short time his wife heard him groan, and upon going to him found him unconscious and in a dying condition. He was never conscious and passed away shortly after Dr. C. H. Brothers, and shortly before Dr. Murrell, the family physician, arrived.

Judge Tully was born in New York City August 13th, 1858. He had been a resident of Paducah since 1887, formerly being pastor of the Christian Church in St. Louis. He was at different times since his residence here in the real estate and other businesses, and served one term as magistrate, being elected county judge four years ago. He was ordained a minister in 1861, and married Miss Loreta Moore, of Illinois, the following year.

He was defeated for the Democratic nomination for county judge last spring by Hon. R. T. Lightfoot, but was one of the most prominent and popular men in the county. His health had been failing for several months past, and he only returned from a trip to Milwaukee and other places a week ago. Death is attributed to heart disease.

Mr. Allan Jorgenson, the local chief dispatcher, returned from Dawson last night. He has been at that place for his health but has been doing his work there all the time. He is not yet in the very best of health and may return today or tomorrow.

Mr. Bell Givens, of the master mechanics department, returned from Chicago this morning on the early accommodation train to Fulton. He has been absent from the city about one week.

SEVERAL PERSONS NOTIFIED THIS MORNING TO ABATE NUISANCES.

Mr. A. M. Dustin, foreman of the boiler making department of the local Illinois Central shops, has gone to Chicago on a short pleasure trip.

An attempt was made to wreck the accommodation train No. 121 by some one placing crosses on the track about one half mile from Florence Station yesterday afternoon about 4 o'clock. The train was in charge of Engineer Kelley, Fireman Givens and Conductor Hanborough and when the first obstruction was reached in the road was stopped in time to prevent a wreck. About one eighth of a mile further an other cross was placed on the track and the train struck this but not hard enough to derail the engine. The person or persons who placed the crosses on the track have not been found but the railroad will put its detectives on the case.

It's a Democratic ticket, but how many Democrats are on it?

The Democratic nomination is a bait that may catch the suckers but all people are not suckers.

All we need now is a few more "dead-end" arguments and a return of our position on the Music Hall convention.

Mr. Yeiser's Democracy is not worrying the sun half as much as it will be worrying him before the campaign is over.

As they can fly down at Mayfield every day that labelled "bitter" hasn't got "bitter" in it. So much with Democracy.

The people who "boosted the Business Men's council on the toe end of a boot" did the same thing to the gang that tried to sneak into office about two years previous.

If ex-Mayor Yeiser is a Democrat because he "voted for Bryan, Wheeler, Goebel and Beckham," what are those little fellows who don't vote for Bryan, Wheeler, Goebel and Beckham?

Henderson, Hopkinsville, Louisville and other "towns" think they are warm numbers. They ought to come to Paducah, where every few days old Sol does a stint and the mercury gracefully ascends to the 100 mark. Then they could talk.

The Unionville correspondent of the Brookport Eagle plausibly remarks: "A great many of our farmers are cutting wheat. God be with them."

If it is as hot over there as it is here, it would be natural to extend the graduation just at this time. It would be a more congenial climate for the other fellow.

The Metropolitan Herald says Paducah is threatened with an epidemic of smallpox and is thinking of quarantining against Metropolis. This is a mistake. Paducah is threatened with no epidemic of anything. If all the people in Metropolis had smallpox and came to Paducah you could lose 'em within a few blocks and no one would ever know they were here.

The world looks on agape while Dalton, Ky., and Jackson, Tenn., make wry faces and swear they will "outtop" each other. They have fallen out over the removal of the division officers of the Illinois Central from Jackson to Dalton. Nothing to fall out over neighbors. We are sure that if the officials could take their choice they'd come to Paducah.

We are informed that Mr. Yeiser voted for Mr. Bryan, Mr. Goebel, Mr. Wheeler and Mr. Beckham. Presumably this makes him a Democrat. We know of men who voted for Mr. McKinley who have voted against Mr. Wheeler, Mr. Goebel and Mr. Beckham, and they ought by the same method of reasoning to be Republicans. Can they would feel deeply grieved if they were called Republicans. Some of them may be on the present Democratic ticket.

The Louisville papers seem to be having fun in the parks there and are trying to reform them. The only surprise at the state of affairs painted in such lurid colors by the papers, seems to be felt by the papers themselves.

Everybody else seems to know that as a usual thing the parks have been a favorite place for sordid happenings ever since the Garden of Eden came to the front with the greatest snake story on record. The most ceaseless vigilance will fail to convert public parks into Sunday schools.

The Lexington Leader says: " Circuit Judge Tarvin of Kenton county, has read a scurrilous lecture to United States Judge Walter Evans on the iniquity of dragging the bench into politics. We don't know of any man in Kentucky who is better qualified to discuss the subject than Judge Tarvin." It was the Republican council that passed a resolution that relieved the situation and gave the people water. The people didn't care anything about "dead-ends" and the mayor's grudge against the water company. They wanted water. It was the Republican council that enabled them to get it. If it hadn't, they would probably have been no extension when ordered by the council, and equally as certain that there would not be "dead-ends." He was so mindful of the people's interests that he was willing to sacrifice their chance of getting the benefit of a water works system, simply because he thought, or professed to think, that there should be no "dead-ends." It wasn't a question of having water, but of not having "dead-ends." For four years he stuck to his "dead-end" fallacy, and for four years the council was unable to get the water mains extended, except one small line to a railroad. Can it be claimed that this hostile attitude was in the interest of the people, or could in any way possibly result in any good to them or to anyone else? It was the Republican council that passed a resolution that relieved the situation and gave the people water. The people didn't care anything about "dead-ends" and the mayor's grudge against the water company. They wanted water. It was the Republican council that enabled them to get it. If it hadn't, they would probably have been no extension when ordered by the council, and equally as certain that there would not be "dead-ends."

"What's the matter with sending the young Jamie Epiphany Tarvin to the Pan-American exposition at theFeejee Island American exhibit?"

A Mayfield woman who had been criticized by the ministers for permitting dancing at her hotel, demands them off the following red hot road:

"Whether it is sinful for young people to dance is not a question for me to decide. Some of the most refined, elevated and educated men and women do dance, and some of the leading churches do not condemn it. The president and the governors of all states give balls and furnish halls, and the foremost people of the land, judges of the supreme court, senators, scholars and divines attend. And it is becoming in ministers of Christ, the friend of the whores and the orphans, to attempt to injure a widow, a stranger and alone, when she hasn't the nerve to condemn the saps and far worse fanatics of those in high places? Verily they sit at a hat and swallow a crumb."

And the next night she gave another ball.

Some idea of what people think of ex-Mayor Yeiser's attempt to pose as a Democrat, and secure the support of the Democrats on the strength of having the nomination, may be judged from an incident that happened a few days ago, in which the gentleman who "voted for Bryan, Wheeler, Goebel and Beckham," never registered as a Democrat unless it is a recent thing, and ran against the regular nominees of the party he is now trying to represent, was look'd by a prominent city

the friend of the whores and the orphans, to attempt to injure a widow, a stranger and alone, when she hasn't the nerve to condemn the saps and far worse fanatics of those in high places? Verily they sit at a hat and swallow a crumb."

And the next night she gave another ball.

Some idea of what people think of ex-Mayor Yeiser's attempt to pose as a Democrat, and secure the support of the Democrats on the strength of having the nomination, may be judged from an incident that happened a few days ago, in which the gentleman who "voted for Bryan, Wheeler, Goebel and Beckham," never registered as a Democrat unless it is a recent thing, and ran against the regular nominees of the party he is now trying to represent, was look'd by a prominent city

As they can fly down at Mayfield every day that labelled "bitter" hasn't got "bitter" in it. So much with Democracy.

The people who "boosted the Business Men's council on the toe end of a boot" did the same thing to the gang that tried to sneak into office about two years previous.

If ex-Mayor Yeiser is a Democrat because he "voted for Bryan, Wheeler, Goebel and Beckham," what are those little fellows who don't vote for Bryan, Wheeler, Goebel and Beckham?

Henderson, Hopkinsville, Louisville and other "towns" think they are warm numbers. They ought to come to Paducah, where every few days old Sol does a stint and the mercury gracefully ascends to the 100 mark. Then they could talk.

TONIGHT'S CAUCUS.

IT IS TIPPED THAT THERE WILL
BE NO CHANGES IN THE PER-
SONNEL OF TEACHERS.

The board of education will hold its
annual caucus for the nomination of
teachers at its chamber in the city
hall tonight, and no nasal outsiders
will be barred.

It is tipped that Shupt. Westfield will
be re-elected without trouble, and
there is only one change hinted at,
and this is in the principalship of one
of the schools. Tomorrow night the
nominations will be ratified and the
teachers will begin leaving for their
summer vacation.

REACHED 102.

YESTERDAY WAS CERTAINLY A
BOONCHER IN PADUCAH.

Yesterday the temperature reached
its maximum at 102 in the shade, as
recorded at Observer Bonham's.
The minimum reached was 78, and
while today the lowest was 74, four
degrees cooler, it is believed that the
temperature will go as high as it did
yesterday.

It is very unusual for such hot
weather to come this early. Last year
and year before it was a month or
more later.

LARGELY ATTENDED.

The memorial services of the Woodmen of the World at Oak Grove Cemetery yesterday afternoon was one of the largest of the year, and there was a large crowd at the cemetery.

The exercises were very impressive, and the graves of the following at the conclusion were decorated: Jersey Camp No. 10.—John W. DeLoach. Olive Camp No. 2.—Thomas August, Sr., William ff. Bayham, H. K. Burnham, James Mattison and M. J. Huffman. Members of other camps, but buried here—Henry Zeiss and Jesse Poll.

Captain Dan Flanney, of the Victor, came up last night from Cairo on the Dick Fowler.

Supt. Young Taylor, of the dry docks, raised the flag on the dry docks at half past yesterday evening in honor of the death of Captain Ronse who died at 12 o'clock last Saturday night. A funeral took place at 4 o'clock this afternoon. Captain Ronse had been identified with the St. Bernard Coal company for the last thirty years, 25 years of that time he was manager of the company's business here, both ashore and on the river.

Mr. James Wilkerson, pilot on the Dick Fowler, left for his home at Etna this morning. He has been rather feeble for some time and will go home to recuperate. Mr. Ed Beard took the wheel of the Dick Fowler this morning to tell Mr. Wilkerson's place.

NEWS OF THE CHURCHES.

Considering the extreme heat of yesterday the church attendance was fairly good. Many people have the mistaken idea that it is warmer at church than anywhere else but as the preachers have often characterized Paducah churches as being "decidedly cold" that excuse cannot hold good.

In fact the churches were more pleasant than anywhere else yesterday, the sun not having penetrated the thick walls and there being a good breeze to be found somewhere.

The Comerford Presbyterian had the unusual record yesterday of the largest Sunday school attendance for the past several years. They have divided the Sunday school into two sides each striving to enroll the largest number of new scholars. Rev. C. Reid preached a very strong and able sermon at the morning service on

with part of her trip, where she is discharging, and will arrive on return trip tomorrow morning and do some light repairs before starting on another trip. Captain Emery Voight in command.

The Morning Star had a rough time on her way to Louisville last Friday night. Just below Louisville she was caught in a very heavy wind storm, but came out all right, proving herself to be a great storm boat, as she handled splendidly.

The City of Golconda is due this evening from Golconda and leaves on return trip tomorrow noon.

The old hall and cabin of the War Eagle waltzed out in the storm last Friday night at Madison, being torn loose from her moorings, but was landed below the city without damage.

The City of Clifton is advertised to leave St. Louis next Wednesday for Tennessee river. She has over 100 people booked for the round trip.

The City of Memphis from St. Louis passed up Sunday morning at 10 o'clock for the Tennessee river country.

The Brock Hill arrived last night from her trip to Sharps Lake about 95 miles above here on the Ohio. There were about twelve or fifteen on the party and they captured fully a hundred droop trippers.

River rising here with 14.8 on the gauge at 8 o'clock this morning, a rise of 1.0 since last Saturday morning.

Captain John Winfrey arrived from his home at Thorpe, Tenn., last evening on the steamer Charleston. Captain John was dressed in a full suit of gray and looked a typical old corn fed soldier. He will ship as pilot on the Charleton tomorrow.

The Charleton arrived from Tennessee river last evening. She had forty heads of tobacco for rail re-shipment at Joppe. The tobacco goes to Liverpool, England. She also had five or six carloads of lumber for Joppe. She leaves on return trip tomorrow at 5 p.m.

Captain Dan Flanney, of the Victor, came up last night from Cairo on the Dick Fowler.

Supt. Young Taylor, of the dry docks, raised the flag on the dry docks at half past yesterday evening in honor of the death of Captain Ronse who died at 12 o'clock last Saturday night. The boys who have been daily taking their ablutions in the river at the foot of the lower wharf in an almost entirely nude state, were routed last Saturday afternoon by Officer Jarvis. Several of the boys came out of the river without a vestige of anything to hide their nakedness. The City of Pittsburg was lying at the foot of the lower wharf at the time and many ladies who were out forward on the boat airing themselves were in plain view of the unbecoming sight. The boys got aboard of the wharfboat as soon as possible and dressed themselves at the same time receiving a severe rebuke from Mr. Jarvis, who notified them that if the occurrence should be repeated he would arrest every "mother's son of them" and sit them under the clock.

MEETING TONIGHT.

TROUBLE BETWEEN CAULERS
AND CARPENTERS
NOT OVER.

There has been nothing done relative to the re-instating of the ship carpenters who walked out at the marine ways last week. Superintendent Tom Murray has 24 names of journeymen who want to form a union of ship carpenters and caulkers and who do not want to take in anybody who is not a journeyman. He has applied for a charter and will probably obtain one this week. There will be a meeting of both unions tonight and some actions in the matter will be taken. It is claimed that a man is not a journeyman until he thoroughly understands both the ship carpenter and caulkers' trade and that the carpenters who walked out wanted each man to work at the trade in which he held a union card. Mr. Young Taylor of the dry docks is working many of the shipyards and will continue to give them employment until the trouble is settled.

The men who signed the application for the new charter bind themselves to work under it for a period not less than one year.
